

Forum on 3D cultural heritage ISPRS-ICOMOS meeting coordinated by CIPA

7th June, 2022, afternoon

Chairs: Professor Andreas Georgopoulos (National Tech. Univ. Athens Greece), Associate Professor Minna Angelina Silver (Univ. Oulu Finland)

Key-note speech: Head of Preservation Chance Coughenour, Google Arts and Culture

Panelists including short talks and discussion with the audience: Professor Fulvio Finaudo (Polytechnic University of Turin Italy), Professor Pierre Grussenmeyer (INSA, Strasbourg France), Assoc.Professor Grazia Tucci (University of Florence Italy) and Assoc.Professor Francesco Fassi (Polytechnic University of Milan Italy)

The forum will be coordinated by CIPA on behalf of ISPRS and ICOMOS. It will address the contribution of 3D acquisition and modeling techniques as a source of documentation to assist preservation, conservation and preventive maintenance of cultural heritage. Some presentations will illustrate the actual role of cultural heritage documentation. The relevance of the term "Digital Cultural Heritage" will also be discussed and new challenges will be addressed.
